

# Science and Management of Ash Forests after Emerald Ash Borer

A workshop on the future of post-EAB ash forests

The workshop will consist of field tours, presentations, posters, and opportunities to network with other affected managers, land owners, and researchers. Topics will include silviculture, hydrology, species transition, biogeochemistry, and more!

When: July 25-27, 2017

Where: Duluth, MN

Registration: Opens January 1, 2017

Abstract Deadline: February 28, 2017

More Info: [ashworkshop.org](http://ashworkshop.org)

Organizers:

Nam Jin Noh ([nnoh@mtu.edu](mailto:nnoh@mtu.edu)), Nicholas Bolton, Randall Kolka, Thomas Pypker, Joseph Shannon, Joseph Wagenbrenner, Anthony D'Amato, Brian Palik, Robert Slesak, Shon Schooler, Shannon Kesner, Christian Nelson, Stacey Cotey

Opening Remarks & Keynote

Oral Session 1

Oral Session 2

Poster Session 1

Welcome Reception

**Wednesday, July 26**

Oral Session 3

Oral Session 4

Poster Session 2

Discussion & Closing Remarks

**Thursday, July 27**

Field Tour

The workshop will be held at The Inn on Lake Superior in Duluth's Canal Park. Rooms are available at the government rate at The Inn on Lake Superior, Hampton Inn, and Comfort Suites. The cost of registration for the workshop is \$50 per participant, or \$25 for student attendees.

Our intent is to discuss the state of the science and management and to strengthen networking and collaborations across forest management and research. We invite contributions to the workshop in oral or poster presentation format.

Help spread the word and let others with interest know:
